SUMMARY: CCC-89 (250130 Apr 80)

Source reported information concerning the consulate (Bldg "G").

3-5 people in the office on the first floor, not hostages.

There are people who might be hostages but they are not Americans.

This place used for vehicle dispatch purposes as well as serving as an alternate control center.

Definitely no American hostages.

NOTE: This mission was terminated due to news bulletin.

Group of 3-5 people in an office on the 1st floor to the right. Impression of - - - 2 people, in a room. 2d floor to the left. **THESE ARE NOT AMERICANS**

+06

They're hostages, but not Americans. Like they were in a sequencial to the cause, they are just there. For the guards, this is choice assignment. Light in 1st room, 5x bodies. Maybe planning room.

+10

This place is used - - - for mech dispatch purposes. Bldg used as alternate control center. Definitely 1x guy on the second floor -> guard, very young man, thin mustache, young, 26-27. I think he has a pistol. Another guy - gray hair, in his 50's, other guy is stocky & bald.

+15

"I STILL GET IMPRESSION THEY ARE NOT AMERICANS"
 Maybe associated w/ news media. As guards, in front Bldg is very, very dark.
