SG1A

1. (S/NF/SK) MISSION: Explore the structure [redacted] for associations connected with purpose and activity.
2. (S/NF/SK) VIEWER TASKING: 095 was provided with the same tasking data sheet made available to the project manager.
3. (S/NF/SK) COMMENTS: 095 returned from the session room after only a brief period of time, stating that a lack of confidence ("I couldn't get grounded") as well as an aversion to Solo viewing ("I don't want to work Solo again") precluded continuing the session. [In fact, 095 is probably not yet experienced enough to perform Solo viewing sessions. Therefore, recommend that this viewer continue to be facilitated by a monitor/interviewer].
