E. SESSION SUMMARY:
 Target personality is an older (middle-aged) ^{male} negotiator who is relatively inactive at this time. Current United Nations negotiations and policies affecting warfare or threats of warfare (against Iraq?) are forcing the target personality to place his negotiations on hold. The target personality's agenda is substantially to prepare for warfare and to visit military warheads (military depots where warheads are stored).

Target personality has more enemies than friends. He will be belittled (humiliated for his views and programs). He is scheduled to travel extensively at this time. He will be dealing with representatives from Iran even though he himself is not of Iranian descent. (Note that Iran is currently involved in heavy arms ~~sales~~/negotiations).

Target personality is in a position of power, but he is not

considered a "real powerful leader."

He can currently be found in "gardens" (garden atmosphere). *comfortable*

He is concerned with augmentation and with "unions." (Not further described).

There is an overall European flavor associated with the target personality. (Not further described).

Other items of interest in session:

- Saddam Hussein will be stopped but not by a "Desert Storm" activity.
- Terrorism continues between Israel and Lebanon (Southern Lebanon/Israel forces).
- Qaddafi remains quiet for the time being.
