PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER:	0760 (Tng)	SESSION NUMBER:	1
DATE OF SESSION:	06 MAR 90	DATE OF REPORT:	22 MAR 90
START:	0830	END:	0901
METHODOLOGY:	CRV	VIEWER IDENTIFIER:	052

1. (S/SK) MISSION: To describe the target site (Stonehinge) in Stage 3 terminology.
2. (S/SK) VIEWER TASKING: Target number only.
3. (S/SK) COMMENTS: No Physical Inclemencies. 052 gained a close site contact very slowly, not really resolving the site until stage 3, at which time an excellent stage 3 sketch was produced. This is not 052's normal pattern. 052 normally resolves the site early in stage 2 and then continues in stages 2 and 3 in order to gain greater detail. Post session review and discussion centered around the sober reality of daily variations in personal abilities and the need for a mastery of a full range of proper methods to allow high quality results in spite of daily variations.
4. (S/SK) EVALUATION: *1*
5. (S/SK) SEARCH EVALUATION: *N/A*

MONITOR: 018

HANDLE VIA SKEET CHANNELS ONLY
