PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: S4 TRNG

SESSION NUMBER: 2

DATE OF SESSION: 881129

DATE OF REPORT: 881130

START: 0804

END: 0900

METHODOLOGY: CRV

VIEWER IDENTIFIER: 032

1. (S/NF/SK) MISSION: Access and describe in training target # 111, Stanford Linear Accelerator.
2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates 372511/122125.
3. (S/NF/SK) COMMENTS: This session was a continuation of the 23 Nov 88 session. 032 continued to experience some AOL which he worked through and ended the session with flying colors. Rather than have him write a summary, 032 was directed instead to go through the session and highlight all data elements (blue for true data, red for AOL, unhighlighted if not sure). The purpose of this was to help him to see the pattern to his AOL so that he would be better able to identify it in session, in the future.
4. EVALUATION: 3.

[Handwritten notes and signatures]
