Viewer 099 Session Report
Date: 26 Sep 88
Time: 1312 - 1424

Summary: Site is a 'bounded' water region. Two men are associated with an object which 'rides low in the water' and which may be partially submerged (ADL - boat); 'lying low' may be allegorical overlay here.

A 'game' is involved, to wit, two groups are 'looking' for the 'exposed' part of a covert 'offensive' action. The two men seem to be connected with this and are now waiting to be 'retrieved.' An 'opposition' group is also searching for them--ergo the idea of a game.
