

21. NOT MUCH GOING ON SOME
KIND OF PERSONNEL CARRIER, (PC) LIGHTLY
ARMED TWO PEOPLE IN FRONT
DRIVE WITH STICKS AND PEDAL
BACK SECTION FOR PERSONNEL
BENCH ON SIDE. INSIDE IS CRAMPED
AND LOOKS UNFINISHED ROUGH
METAL, EXPOSED KNOBS AND BOLTS.
BACK OPENS DOWN TO FORM
RAMP FOR INGRESS / EGRESS
BELIEVE TWO FILES OR
MEN ENTER REAR OF (PC) AND
HEAD IN DIRECTION SIDE,

WEAPON IS BEING EXAMINED.
THERE IS A SENSE OF JUBILATION
AND EXCITEMENT BUT I AM
NOT SURE WHERE THAT IS
COMING FROM. WHEN I
ASK WHERE WEAPON WAS
MADE I GOT TWO IMPRESSIONS:
1ST IMPRESSION IS OF A LARGE,
HYGE HANGER LIKE BUILDING
WHERE THINGS ARE MOVED
ON RAILS. 2^d I GET FLAT
GRASSLANDS, (STEPPES?) WITH NO
TREES AND HIGH HILLS
MAYBE 100 MILES DISTANT.

AREA IS DESERTED AND I SEE
NO PEOPLE. HOW MOVED?
IT HAS BEEN MOVED BY
RAIL AND TANKS HAVE BEEN
MOVED ON WATER ~~AND~~
WITH LAND ON EITHER SIDE.
I ASK MORE RECENTLY AND
GET TWO WORDS "TANK
RETRIVER" FOR WHAT EVER
THAT IS WORTH
