

UNLOADING AREA OUTSIDE BUILDING IS NOT STACKED WITH BOXES LIKE LAST TIME. ONLY STACKS OF EMPTY PALLET INSIDE OF WAREHOUSE THE ENTIRE LEFT SIDE HAS BEEN EMPTIED OUT. PIECES OF CARDBOARD, CUT BANDING MATERIAL, AND PIECES OF PALLET ARE LAYING ABOUT BUT NOTHING IS STORED HERE NOW. LAST TIME THERE WAS THING STORED HERE.

ON RIGHT SIDE, WHICH I BELIEVE IS AREA OF INTEREST, THERE ARE THINGS LIKE GIANT SLINKYS, SOLID BANDED CYLINDERS MAYBE A MAN TO A MAN AND A HALF IN HEIGHT.

NEXT ON RIGHT GOING FRONT TO BACK WAS A TUBULAR OBJECT METALIC, WITH LAYERS OF METAL. IT WAS STANDING ON END AND LOADED ONE PER PALLET. ACROSS ISLE GOING BACK WERE BOXES OF BRIGHT RED TUBULAR OBJECTS STACKED IN ROWS OF MAYBE 5 AND TWO HIGH. TUBES WERE PERHAPS 2 1/2' OR 3'.

FARTHER BACK WERE OBJECTS

OBJECTS LIKE BENCHES, STOVES, 2

KINDA HOAR GLASS SHIPPED, METALIC, HEAVY, FUNCTIONAL. THESE HAD SOMETHING TO DO IN SOME WAY WITH AN ANTENNA.

FARTHER BACK ON LAST SHELVES WERE A SERIES OF COMPONENTS, THINGS ASSOCIATED WITH DEPOT MAINTENANCE. ACROSS ISLE IN BACK ARE BOXES FROM LAST TIME. BOXES HAVE SERIES OF ITEMS IN THEM.

ITEM HAVE TWO PARTS (SEE SKETCH) MAIN PART + BASE, MAIN PART AND PROTRUSION WIRES AND MAYBE HOLES. IT REMINDS

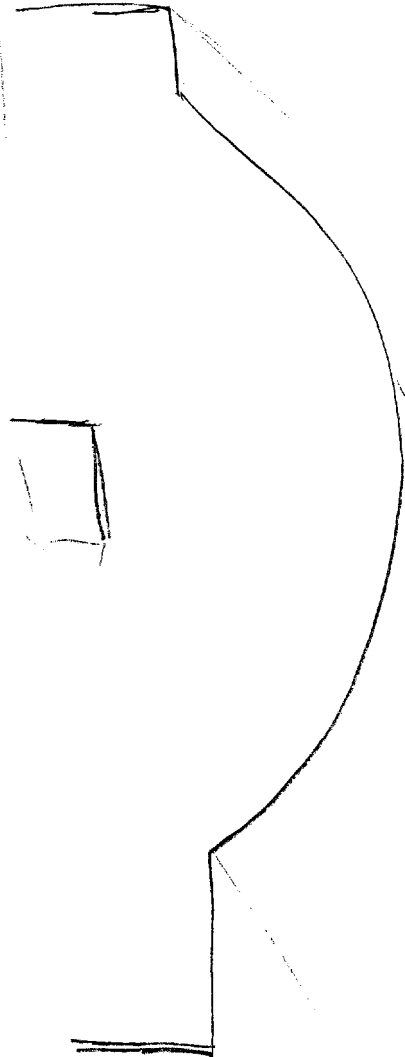

ME OF A JEWEL HARP (NFI) AREA IS ROUTINELY PATROLLED AND A RUNNING INVENTORY IS CONSTANTLY MAINTAINED. WAREHOUSE IS PROBABLY 80% EMPTY NOW.

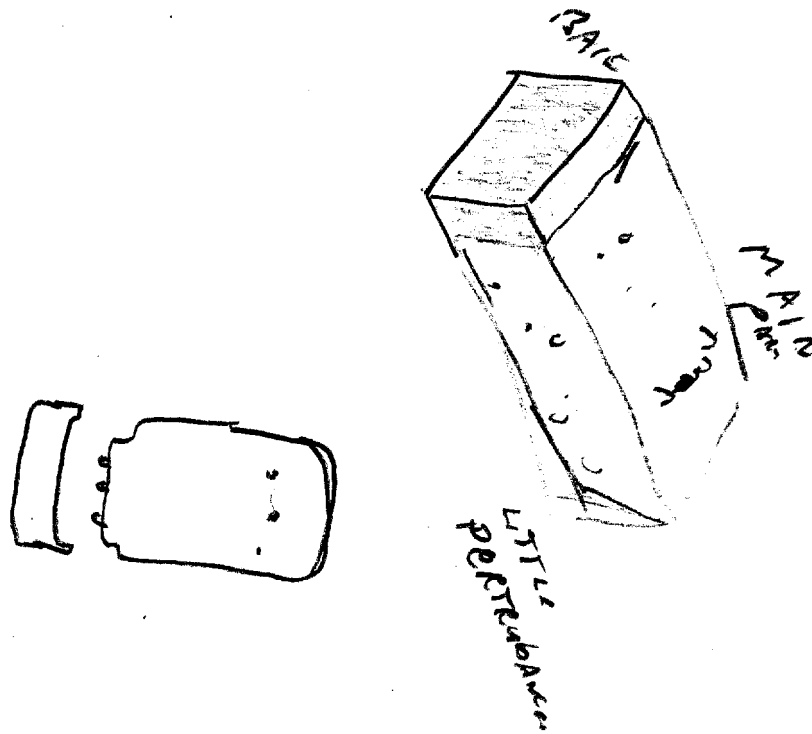

I GO BACK TO A TIME WHEN THERE WAS MORE ACTIVITY. IT IS NIGHT, BRIGHT LIGHTS. MANY PEOPLE IN GRAY OVER HALL

LARGE THINGS ON LEFT OF WARE
HOUSE. THERE IS A SMELL OF OILY
RAGS, COSMETIC, NEW COLD METAL.
PEOPLE HAVE A DEADLINE AND ARE
WORKING WITH A SENSE OF URGENCY.
THEY WALK IN TWO AND THREE
MAN TEAMS.

THINGS THEY ARE PREPARING
ARE LARGE, METALIC AND HAVE A
SLOPE TO THEM (NFU).
