Al, this is ███████████████ in J2.   SG1I

Have been discussing things of general interest with ██████████ and he
indicated it would be appropriate to get a brief read-in on SG. Have been
targetting Friday morn 0900 but Harold indicates difficulty getting in contact
with you.

Could you join us here at the Pentagon and read us in? I think it's probably a
one-time deal, but have no way of knowing at this time.

Please give me a call today, preferably before noon if possible.

Thanks,
SG1I
