- E. SESSION SUMMARY

The target is associated with a dark haired, brown eyed individual who is pudgy or stocky in his physique. The target is located near the shore on green land in a structure with large windows. A major lightly paved, somewhat narrow and long road or highway is in the vicinity. The individual is associated with photographs or negatives and may have once been married, if not now. He has been involved with, suspected of, and possibly caught for illegal drug activity to include smuggling in the past. People are currently on his trail. The individual is unable to move at this time with any continued activity. His hands are tied, so to speak. He may be hiding out. This individual or the people he has been associated with are dangerous and are willing to take hostages or a life for the sake of money.
