Summary of Information

The target consists of a fenced-in compound and contains at least two structures. A 3'-4' tall brick wall runs along a trail, sidewalk or vehicular trail through a portion of the compound. This is only a decorative feature. A canal containing flowing water borders on one side of the compound. There is either a feeder canal which runs into the compound or there is a leakage/overflow into the compound from the aforementioned main canal. There is a wooden structure reminiscent of a plank-style barn which sits by itself and is surrounded by exposed ground. It is very dusty and hot, particularly near this structure. The other perceived structure appears reminiscent of a <sup>large</sup> house; ~~a large house~~. The eaves from the roof extend well past the walls of the house and almost go to the ground. These eaves have a two-fold purpose: to help in cooling/providing shade and to act as a cover to hide activity. A walkway runs around the perimeter of the house, ~~next~~ to the wall, and is hidden from view by the overhanging eaves of the roof. <sup>Inside the house</sup> There is a hallway within the ~~house~~ that runs into a large, opulent room. From the hallway can be seen a large metallic symbol/sign which is comprised of numerous small pieces, reminiscent of a mosaic. This symbol is

attached to a wall constructed of coursed stone. This object is very important to the family or organization. It's similar in function to a family crest or organizational symbol/trademark. One can hear the hum of operating electronic equipment while walking down the hallway towards the large room. One of three rooms which lead off of the hallway to the right contains a great deal of electronic/communication equipment. The symbol is also found stamped or printed on smaller objects or bundles which the family/organization in some way deals with. The symbol consists of a border on each side. This border is reminiscent of leafy branches or flowery stems. Within the upper central area is a sun or planet; a rendition of some sort of an astral sphere. There is a diagonal line which runs in an upper right to lower left direction within the center of the field formed by the bordering design elements. This symbol is very bright and appears to be gold or of a golden color in a certain light. A lot of business and important matters are discussed/dealt with within this large room. There are always several men standing around the room when talking occurs here. The primary individual of the family/organization is an older man with graying hair which he wears straight back. He is thin and slight of stature. He gives the appearance of being frail but is ruthless with those with whom he conducts business dealings with. His legitimate business deals with the manufacture/processing of powder or

cosmetics. It is family run and has been a family business for a long time. A son runs this facility as the general manager or head foreman for the family. He is very fat and basically incompetent but the family allows him to run the facility because the family/organization is making more money from their smuggling operations than from their legitimate factory/facility. This is one way to keep the son out of the operations. The name of the family is very long and somewhat presumptuous. The words "GARCIA" or "de GARCIA" are associated. This family/organization is associated with Guadalajara and/or "Guadalajara Cartel". There is a sense that everyone within the area is being paid off, to include government and/or local authorities. The word(s) "SPIDER" or "SPIDER WEB" are extremely important to this family/organization. It is what the family/organization refers to as either itself, its operation or its influence. ~~Upon entering the large room, a discussion was ongoing. The room felt dark, not safe and very dangerous. I received the message "if they know who you are, then you're dead".~~
