★ LAND, GOING DOWN, ACROSS, SMALL TREES, RAW DATA ABOUT THE HEIGHT OF A PERSON, TRIANGULAR SHAPE, TWO LINES OF THEM. MOVING ACROSS TO HIGH GROUND, STRUCTURES, SECLUDED, SET ASIDE, FENCED IN, STRUCTURE INSIDE FENCE, A CIRCULAR LIKE BALL, RAISED, LIGHT COLORED, SEMI-SHINY, LOCATED TOWARDS OUTSIDE OF STRUCTURES AREA, ON OTHER SIDE SIMILAR STRUCTURE, SOME ~~THAT~~ KIND OF PATH OR ROAD BETWEEN TWO STRUCTURES TOWARDS CONGLOMERATE STRUCTURES. NOT A GOOD WORD BUT A HYGIENIC FEEL - STRANGE OUT OF PLACE QUALITY - AN IMAGE OF EL SEGUNDO REFINERY Generally taller - DIFERINO area

→ IN ONE OF THESE STRUCTURES IS THE AREA OF OUR INTEREST

★ MOVING INSIDE - A VERY CONTROLLED FEELING, QUIET EVEN THOUGH THERE ARE PEOPLE HERE, HALLWAYS, SOME OF THE WALLS ARE CURVED - CURVED WALLS TO MY RIGHT, THEN OPENS TO AN AREA LIKE OFFICE SPACE - DON'T HEAR CLATTER OF TYPEWRITERS PEOPLE TALKING ETC.

→ CONTINUE TO SEEK OUT THE AREA

★ LIGHT COLORED AREA, FEELS ARTIFICIAL IN A WAY, THERE IS AN ENCLOSED AREA, SEPARATED, INSIDE THIS AREA, GEOGRAPHICALLY LOCATED NEAR CORRIDOR, THE WALL TO MY LEFT COMES IN AT ABOUT 50° ANGLE, THIS AREA IS AT THE END. MOVING THROUGH I'M GOING TO DESCRIBE TWO AREAS AND THERE MAY BE A WALL IN BETWEEN -

→ OK

★ A ROOM WITH PERMANENT CHAIRS LIKE A MOVIE THEATER - MAYBE 10 ROWS, 12/15 CHAIRS IN A ROW - FACING TOWARDS THE END OF THE ROOM - A NICE AREA, THE WALL LOOK LIKE METALLIC PANNELLING, A STAGE - AN OPEN AREA, RAISED - IN THE OTHER AREA, SEPARATED BY A WALL - IT SEEMS MORE INTERESTING -

★ As you come through it seems like a very sterile reception area - a person sitting here - I can't tell if that person is a security guard or secretary - down the hall - true hall now - cubicles - They are all tied to the same directorate, Commission - Branch - TURNING RIGHT THERE ARE SOME PEOPLE, MEN - Dark hair - Dark brown suits - perhaps uniforms, serious - perhaps pompous - opening up more now - Three primary figures here - all in dark brown clothes, wide lapels - I can't give you any racial characteristics - men have power of a kind, but they are accountable, power/accountability - I don't see a leader - its kind of a triumvirate

→ Seek out the leader

★ A man standing, this is the man in charge

→ Tell me about this man

★ Conflicting information here - large and powerful but maybe not so large or physical - just a presence, serious, not exceptionally old, probably late 40s early 50s. Sense of a very strong will, able to use will/presence to control others, bright, OK - very innovative but selectively innovative, as a rule conservative - nobody I can compare him to - normally conservative but he can be selectively innovative, parts of word methodical apply - He plans ahead, a lot of energy, a lot of perception - Doesn't fit well into any personality type - Demands perfection, lot of people who work for him are afraid of him -

→ You will need to access him much closer now

★ A lack of positive emotions on surface - Not tuned to passing out awards or praise

4

→ Tell me about his past

★ This man is NOT a scientist, managerial is bad word but I'm trying to think of better one - A "driver" specialist, taking a minute here - - - IN recent times this man has been given the difficult jobs - like a trouble shooter, no sincere personal ties, no true friends, he's a realist - That's a good word - See's things as they really are - broad scope - see's reality on that level - In recent past he's had several difficult assignments some would call them challenges - He is strong in mathematics - likes math because its real,

→ TELL me about his habits

★ He's is meticulous and usually predictable but the innovative anomaly sometimes pops up - A clean person, a prompt person, unemotional person - personal contacts/relationships are unimportant to him, visual overlay of a ship - a boat on the water - maybe something from his past - he is a driver - very sterile building or apartment interested in cause and affect in his personal relations and job - always has like a blueprint in his mind - when he applies pressure here what will be the effect - trying to find what motivates him - not really ambition - NOT materialistic, enjoys power he has but its not an obsession - enjoys his work, likes seeing the results, enjoys recognition - reputation for accomplishing impossible - he enjoys ~~being~~ having that reputation - He may have a beard

→ Let's ^{pursue} ~~talk~~ his family

★ I'm not certain if he lives with his family now - he does have a set of rooms by himself. There is an older ~~son~~ son, I think there is a wife here but she almost hidden, looking for love or affection here - but its not there no love, no affections, no respect for his wife

5

★ Failure, he's afraid of human factor, OK - He knows numbers are reliable, you can control numbers but human error even at low level and he may not be able to detect even smallest series of small errors - beyond his projection - Anxiety about criticism on high - he doesn't worry about criticism from peers or advisors - not a social animal

→ let's access now his health

★ Suspect some arthritis - maybe not a problem yet, I'm still checking, looking for major things first - small things later - There's pain in upper back - shoulder level radiating out to right shoulder - pain and stiffness here

→ Ask him what causes that pain.

★ Tightening up of muscles and nerves because of tension - I think there are chronic bowel problems - He is a little overweight - Sedentary life - he really needs more exercise - TYPE "A" personality - Some liver damage - not serious - perhaps cholesterol problem - Raw data sluggish blood - greasy build-up - not serious yet - Some problem with vision - may soon need glasses - once again to the pain in back - maybe a chip or break there one time - more active in his youth than he is now

→ Describe his opinion of the system he works for

★ Kinda like peeling an onion, very practical, a realist, OK its the system, He does not love nor hate the system. He functions well within its parameters and rules. He does not fear the system - its been good to him, some ups and downs, Some.... question is difficult in a way - like asking someone what is your opinion of air -

①

Man, probably late 40s. physically STRONG, POWERFUL. HIS LIFE IS NOW MORE SEDENTARY AND MISERABLE IS TURNING A LITTLE SORT. MAN IS A MANAGER. HE IS A REALIST WHO IS ABLE TO SEE THE BIG PICTURE AND PLANS SEVERAL MOVES AHEAD. HE IS USUALLY A CONSERVATIVE BUT OCCASSIONALLY HE IS BRILLIANTLY INNOVATIVE. HE THINKS IN MATHAMATICAL TERMS AND CAUSE AND EFFECT. "IF I PUT PRESSURE ON HERE WHAT WILL BE THE EFFECT." HE ENJOYS HIS WORK. IT IS THE MOST IMPOCTANT THING IN HIS LIFE. HE ENJOYS

②

DOING THE IMPOSSIBLE, BECAUSE
OF HIS SUCCESS RATE WITH
THE IMPOSSIBLE HE HAS
BECOME SOMETHING OF A
TROUBLE SHOOTER. HE LIKES
THAT REPUTATION. HE
LIKES THE FURNISHINGS OF
HIS OFFICE, THE BENEFITS
AND CLOTHES AND VEHICLE
DRIVER IT GIVES HIM. BUT
HIS PRIMARY MOTIVATION IS
DOING THE WORK. MATERIALISM
IS NOT A BIG MOTIVATION.
HE HAS A WIFE BUT HE
HAS NO LOVE OR EVEN
AFFECTION FOR HER. IF
THEY LIVE TOGETHER IT IS
NOT 100% OF THE TIME.
I BELIEVE HE HAS A

AND POSSIBLY A DAUGHTER.
HE HAS NO SINCERE
INTERPERSONAL RELATIONSHIPS
EITHER FAMILY OR FRIENDS.
HIS MAJOR FEARS ARE OF
FAILURE AND CRITICISM FROM
ON HIGH. HE FEARS A
SERIES (2 or 3) OF HUMAN
ERRORS WHICH HE HAS NO
WAY OF CONTROLLING OR
PREDICTING.

HE NEITHER LOVES OR
HATES OR EVEN THINKS
MUCH THE SYSTEM. THE
SYSTEM IS THE MEDIUM
WHICH HAS LET HIM
ACHIEVE THE SUCCESS HE
HAS.

MAN HAS PAIN

NECK POSSIBLY FROM AN
INJURY OR ACCIDENT. PAIN
RADIATES OUT RIGHT SHOULDER
TO RT ARM WHEN HE GETS
TENSE. MAN ALSO HAS
ARTHRITIS WHICH MAY OR MAY
NOT BE A PROBLEM AT THIS
TIME. THERE IS SOME
LIVER DAMAGE AND PROBABLY
CHRONIC BOWEL PROBLEMS.
CHOLESTEROL LEVEL IS
BECOMING OR IS A PROBLEM.
HE IS A TYPE "A" PERSONALITY.
MAN WOULD BE A GOOD
TEAMSTERS PRESIDENT.
