ethereal

5 1/2 not preoccupied with fabricated religious art - more present but primarily symbolic. Religious reverence accord non-physically present entity/entities to which people felt kinship as if directly related but not present in direct contact. Elates, excitement, transcendence, expanded awareness involved in religious communion. Review drops or passage into "spiritual realm". heavily individual.

S4/b some moved out.

S4/b "like" culture got so "other worldly" oriented that it
lost the social intergovernmental ~~ties~~ ties - lost
the drive to prosper + succeed material. Those
elements more physically oriented moved out to
found other groups + communities which however
were less advanced, more survival-level.

S4/2 arrives partially - "like" helicopters or
small jets. Easier to cross distances. Ground
transportation with them. Thin - good condition
not fat; wear clothes. Do a lot of scavenging,
clambering around while looking at things.

Idea early on about valley - used to be water there but
now there isn't.
