E. SESSION SUMMARY:

----An upheaval by the former Sandanista forces with heavy support from the people will overthrow the current, but weak democratic government in power. Casualties will be few and will be limited to the physical area of the government buildings. Five or fifteen casualties are listed.

----An earth tremor in Guatemala will focus the attention of the Western world against the plight of the majority of citizens of this country - claims of further atrocities religious type missionaries will be uncovered. The fact that Guatemala (and Cuba) are involved in drug-money laundering schemes will also surface. It will mark the beginning of the rapid erosion of Castro and his powers.

----There is an ongoing movement within US intel to act as the prime mover, to incite and support the overthrow of the government of Haiti to reestablish Aristide as the legitimate president of that country. This fact will be revealed (leak) before the end of the month.
