SUBJECT:

"Introduction to Physical Security and Industrial Security" Course

STAT

1. The Physical Security training course will be held at [Redacted] from 15-26 October 1984. The purpose of this basic level course is to give the students an introduction to the philosophy and concepts of physical security. It is intended for professional security officers entering the physical security discipline for the first time. Six days will be devoted primarily to Domestic and Headquarters Security concerns and four days for an overview of our Industrial Security program. Special Accesses [Redacted] are required for the Industrial Security Program portion of this course. [Redacted]

2. Please distribute a notice to have all interested individuals complete Form 73, Request for Training, in its entirety and forward it to your office. We would like to limit the class to [Redacted] students and have registration end by COB 5 October 1984. Attached is a copy of last year's training notice which is basically the same. [Redacted]

3. Details regarding the agenda and other information is available through Physical Security Division representatives
