MEMORANDUM FOR: Chairman, Task Force on Industrial Contracts
and Industrial Security

FROM: John F. Blake
Deputy Director for Administration

Steve:

1. I would be greatly remiss if I did not recognize your superb accomplishment as the Chairman on the Task Force on Industrial Contracts and Industrial Security. The nature of the undertaking was almost gigantic in size and would be a severe test for anyone's ability to organize and carry through. You met the challenge in a superb fashion and I feel the Agency should be, as I certainly am, in your debt for your contribution.

2. May I ask one additional favor of you. I have asked the Comptroller to schedule an expanded EAG meeting to discuss this report in early April. I believe it would be of assistance to all of us if you could open that meeting by giving a brief statement on the most significant findings and recommendations contained in the report.

3. Again, I extend to you my sincere compliments and personal gratitude for your responsiveness.

John F. Blake
