MESSAGE

TO Admiral Stansfield Turner, Director C.I.A.
Washington, D.C.

DATE 11/11/78

Dear Admiral Turner:

I enclose a copy of the photo which turned out best and a copy of the Press Club Record which reproduced another. I am still trying to get the cameraman to make another try at the bad film in his camera when he shot you and your friend and will get back on that. Therefore, excuse the delay. If you wish copies additional of the enclosed, please drop me a note on the carbon, saying how many.

Your address to the press was "4.o."

No one has ever spoken better or made his points so clearly and logically. I was so proud to be there, and to be in a photo with you and I will include the enclosed in my book on the Marine heroes. Let us hope that I will have the pleasure of seeing you again.

Respectfully,
