1. Title III, Section 301, of the 1982 Omnibus Budget Reconciliation Act directed that effective 1 April 1983, uniformed service retirees who are employed in civilian positions in the Federal Government will have the amount of any cost-of-living adjustments (COLA) in their military retired or retainer pay during Fiscal Years 1983, 1984, and 1985 deducted from their civilian pay during these three fiscal years. This provision does not apply if the retired or retainer pay is awarded as a result of a service-connected disability incurred in the line of duty as a direct result of armed conflict or as a result of certain service-connected disabilities incurred in the line of duty during a period of war. The amounts deducted from civilian pay in accordance with Section 301 of the Omnibus Budget Reconciliation Act will be deposited in the general fund of the Treasury.

2. The Agency is responsible for obtaining the COLA offset amount appropriate to each military annuitant of record who is employed by the Agency and subject to the deduction. The Department of Defense centralized data base of military retirees at the Defense Manpower Data Center (DMDC) in Monterey, California, will provide the mechanism for computing the deduction.

3. Any employee who is a military annuitant and has not been informed by the Office of Personnel that a COLA offset has been requested from DMDC should contact Chief, Transactions and Records Branch, Office of Personnel, extension  and report the matter. The provisions of the Omnibus Budget Reconciliation Act directing the deduction from Government civilian pay is an enacted law, and it is the personal responsibility of each retired military annuitant to be in compliance with it.

If it is not possible to meet the 1 April target date, post-adjustments to salary will be made by the Office of Finance.

4. Individual notification will be provided to Agency retired military annuitants of record to ensure they are aware that COLA offset data has been requested, as appropriate to their status.
