MEMORANDUM FOR: See Distribution

FROM: Frederick A. Turco
DO/Chief of Operations for Counterterrorism

SUBJECT: Community Counterterrorism Duties

REFERENCE: NIC #00954/1-89, dated 19 September 1989

1. With the transfer to the Counterterrorist Center of Community responsibilities previously belonging to the NIO/CT, I wish to describe how we are organizing the job in CTC. We have created a Community Coordination Group (CCG) within CTC to handle Community business. It will be comprised of an SIS (SES) level chief, a senior assistant (GS-15), a junior assistant (GS-12-14), and an executive secretary. We also anticipate the need to hire one other assistant to help define and administer Community database business.

2. Pending selection of a chief of the Community Coordination Group I have assigned my Deputy, Karl Ruyle, the task of fulfilling CTC's Community responsibilities. He has scheduled a meeting of the Interagency Intelligence Committee on Terrorism for 23 October. The CCG represents a significant augmentation of resources devoted to Community business which, I believe, will be able to build on the fine record of the NIC.
