5.	French request	postponement of	February	NATO	Council	meeting:

3.3(h)(2)

The French Foreign Office has requested a two-week postponement of the NATO Council meeting currently scheduled for 2 February in Lisbon. The Foreign Office explains that the French Assembly is expected to debate the European Defense Forces after its recess in late January.

The US Department of State has expressed its strong opposition to this proposal, but has indicated that it might agree to "some postponement for the convenience of the French" if it knew that agreement had been reached by the six European Defense Community powers.

Comment: Before leaving for the November NATO meeting at Rome, Foreign Minister Schuman was obliged to assure the Assembly that no commitments on the European Defense Community would be made without parliamentary approval. Current studies on a revised French military program are not expected to be completed before the Assembly recesses, and Pleven's request for postponement of the Lisbon session probably stems from a desire to attend this meeting with the prior assurance of Assembly support.
