 Creator and leader of the new official Elite Guard in the Service d'Ordre Legionnaire which has just received autonomy under a decree signed by Marshall Petain. The SOL consists of fanatical supporters of the 'National Revolution' organized by the Marshal but now directed by Laval. These men are handpicked and expected to follow their leader blindly. Darnand has announced that his organization possesses a list showing that 100 members of the SOL have been shot in Morocco' since the Americans forces landed.

The nomination of subject to the posts of Secretaire General A20446 of the Ministry of the Interior and Chief of Police was a Reliable tolish surprise to French Political circles which expected Petain to London take a different course and appoint a different man. It 1/4/44 is further expected that subject's nomination will result in serious consequences. He could play a part in the elimination

of LAVAL (qv). which matter seems to be Petains greatest concern A20446 cont. at the present moment. Rumors circulate that Petain's initiative in this matter may go even further and can lead to subject's taking over the Bremiership in place of aval.

Darmand is undoubtedly a man of the adventurous type. In the army he was commanding a shock unit and was even decorated during the campaign. He owns a commercial establishment at Nice and for some time was chief of the entire black market organization on the South of France. In 1941 he became the hero of a much spoken of affair when he slapped the face of Col. Vautrin of the Deuxieme Bureau. This incident had some connection with the Deuxiems'Bureau's activities in favor of the Allies and against the Collaborationists. In connection with it. the Anciem Combattants Organization was ordered to suspend its activities.
