10 July 1954

MEMORANDUM FOR: FILE

FROM: E J

SUBJECT: Telephone conversation with E J

1. E J called me from Walleseley, Mass., today at 1030, but I was in another office. E J took the call, and advised me of its receipt. I phoned back at 1055 and reached E J.

2. E J told me that he had received a letter from "the doctor" (DOCHOW) who said that he would be present on the 15th with all arrangements as previously agreed. E J also offered to stand by at home on the 15th in case I needed him for anything, saying he would be glad to be of assistance. I thanked him for his offer, but said that I did not expect to need him, and would prefer not to "trouble him" in this matter, which he understood. He also reminded me that he did not know me, as far as the "doctor" was concerned. (This had been part of the original arrangement set up between E J and me when this deal first started.)

3. E J told me he had talked with "Bill" E J of Cover Division) yesterday, and that things regarding the "job" with the Boston Company looked bad. He indicated that the delay was in Turkey, where they were not at all convinced that a cost accounting system was necessary. He also said that the chief cost accountant had not yet gone out to Turkey.

4. I told him I had not yet heard from "Bill", but expected to hear today or Monday. E J said he wondered if it would be possible for him to get a temporary job with the Boston Company until the overseas job came through. He said he had not thought to ask Bill about this. I said I would take it up with him.

5. I asked him if he had written to his "friend" to see if his influence would help him get the job. He said he had not, but was writing one at the time I called him. He said "Bill" had discussed the desirability of doing this with him yesterday. (The "friend" is E J, Pres. of E J College.)

6. I told him I would phone him either Monday or Tuesday with regard to getting a job locally with the company, after I had had a chance to talk with "Bill". E J said he would be in all day Monday, and until 1400 Tuesday.
