MEMORANDUM FOR: Lt. Friedl, USMC
ATTENTION:
SUBJECT: Technical Analysis Results
REFERENCE: COOK Letter, undated

The following results were obtained through a technical analysis of the referenced letter:

Authentication: Not processed

Fingerprints: Not processed.

Secret-Writing: Not processed

Results of Graphological Analysis:

Changes:	<u>None</u>	<u>Slight</u>	<u>Medium</u>	<u>Strong</u>
Intellectual		x		
Emotional			x	
Physical			x	

Special Remarks: The scope of the writer's mental functioning has become somewhat more restricted and his alertness is slightly decreased, although he seems to be constantly on guard. Apparently, he makes strong attempts at checking his emotions and impulses. He is considerably more withdrawn and defensive. Physically, he is noticeably weakened and uncomfortable. He evidently musters much willpower and persistence, in order to keep himself going as best he can under trying and detrimental conditions.
