HEADQUARTERS SEVENTH ARMY
G-2 STRATEGIC SERVICES SECTION
APO 758 US ARMY

25 April 1945

SUBJECT: DEDE (B)(i)
TO : Major Wentworth

France in November 1942.

1. We unfortunately have no information on DEDE because he did not fill out the form required by SRO since he was on a mission at the time such arrangements were made. Consequently it will be necessary to go and see him at the hospital in Vittel. The information I personally have on him is not sufficient and anyway his military status will have to be straightened out with the French authorities as, like all French career soldiers, he must have been discharged from the army when the Germans invaded Free
