"During the morning hours of Monday, 25 May 1964, an aircraft with a crew of commandos of the 30th of Movember Revolutionary Movement departing from a secret base in the Caribbean, accomplished a supply delivery operation to the guerrillas belonging to our organization that operates a certain area in Oriente Province. This operation involved the air drop of 150 thousand anti-Communist propaganda leaflets over the city of Santiago de Cuba.

"This aircraft was the same aircraft that during a previous operation, on 19 May 1964, flew over two Castro boats and resulted in a protest by the Communist government of Cuba."

These actions form part of the military operations
of 'Plan Antorcha' (Touch Plan) in coordination with our
internal forces and which will culminate in the liberation of
our native country.
