MEMORANDUM FOR: DEPUTY DIRECTOR (PLANS)

SUBJECT: Request for Black Flight for Trans-shipment
PBSUCCESS Equipment to JBFLUX

1. Present planning for PM operations of PBSUCCESS anticipates a schedule requiring trans-shipment of initial equipment to JBFLUX not later than 14 January 1954.

2. Since the shipment includes high explosives, preparation for movement through port area would involve special permits plus security storage which might result in a delay of approximately one month. Training requiring the use of this equipment is scheduled to commence 17 January 1954.

3. It is requested that approval be given to allow shipment for black flight to JBFLUX on January 14, 1954.

4. On approval, coordination between AMD and the PBSUCCESS PM Officer should be effected.
