1. Reference is made to request for clearance concerning the above subject. The following information has been developed by KUSODA:

a. The records of the appropriate office within KUSODA indicate that Subject was security disapproved in October 1943 for service in KUTWIN because his basic loyalty was not established.

b. Information dated 5 October 1943 indicated that Subject married a daughter of a Belgian resident in Guatemala, whose post was said to be highly suspicious. Subject's wife's sister reportedly was married to a Spaniard, a resident in Guatemala, regarded as a leading Falangist. Subject was reported to have always mixed with the more suspect diplomatic set, said to be pro-Axis, []

2. Appropriate name checks are now in progress. Headquarters has also been advised by clearance staff that a final security determination will be withheld until these results are received.

3. You are advised that subject has not been granted clearance of any kind at this time, pending outcome of further checks. If station does not desire to utilize subject, it would be appreciated if such information be transmitted to LINCOLN at the earliest.
