INFO: PBSUCCESS, Headquarters

LINCOLN

KUGOWN
Foreign Mailing List of Controlled Publications

1. The rapidly increasing volume of our KUGOWN efforts makes it imperative that we avoid unnecessary duplication and streamline our distribution work as much as possible. You are therefore instructed to obtain from all publications controlled by your Stations in connection with PBSUCCESS a complete mailing list of all addressees outside the LINCOLN area. It would be appreciated if your lists were grouped according to Countries. Where more than one copy is sent, the number of copies should be indicated. We trust that you will find a secure pretext to explain the need for such lists to your contacts.

2. The lists should be prepared in three copies: one for LINCOLN, one for Headquarters, one for your files. If in addition to the distribution made by the publication itself there is some extra mailing action by you or by any third party to addressees outside the LINCOLN area, please add such information when you forward the above requested lists.

3. Generally speaking, we consider it desirable that they send complimentary copies of all publications to major newspapers, interested political organizations, radio commentators or the like, throughout Latin America. If such complete distribution is not always possible, at least articles concerning PBSUCCESS should be clipped and given the widest possible distribution outside the LINCOLN area.

4. FOR HEADQUARTERS: the above is a followup of DIR 46215.
