To: Headquarters (SD).

D.1546.

From: Stockholm (7404).

2nd October, 1944.

I am enclosing a copy of 7408's Memo No. 359 of 30th September.

This will give you some indication of our difficulties in arranging contacts on 7408's routes, and I should be grateful, therefore, if you would investigate the possibility of using B.B.C. code signals.
