27 August 2001

The Honorable Carolyn B. Maloney
U.S. House of Representatives
1651 Third Avenue, Suite 311
New York, New York 10128-3679

Attention: Minna Elias

Dear Mrs. Maloney:

This is in response to your letter of July 31, 2001, forwarding correspondence from your constituent, contacted your office for assistance with respect to his interest in marketing the GIL-2001 system, a patented entrance security system, to the Central Intelligence Agency (CIA).

In response to your inquiry, I have forwarded your letter and correspondence to the CIA's Office of the Procurement Executive. That office will send your constituent a Bidder's Package which he can complete and return so that his program can be included on the Agency's Bidder's List.

I trust this information will assist you in responding to your constituent. Thank you for writing on his behalf.

Sincerely,

Stanley M. Moskowitz
Director of Congressional Affairs

Re: Georal International, Ltd.

Dear Mr. Moseman:

I am writing on behalf of [redacted], who resides in the 14th Congressional District, which I represent. [redacted] contacted me regarding Georal International, Ltd.

As stated in the enclosed correspondence, [redacted] advises that his company, Georal International, Ltd. makes a product, the GIL-2001 system, which he believes might be of interest to the Central Intelligence Agency. According to [redacted] his company has a GSA number, a patent pending, and an international patent application for their product. He also advises that this security door is the only security door approved by the FAA for egress and the U. S. State Department for domestic use. [redacted] states that he contacted the Central Intelligence Agency in February 2001 to request an opportunity to present the GIL-2001 system to the appropriate personnel. [redacted] further states that to date he has received no response. Please advise me as the status of [redacted] request to present the GIL-2001 system.

At this time, I request that [redacted] request receive prompt review and every possible consideration, consistent with all applicable rules and regulations. Thank you for your attention to this matter. If you have any questions, please do not hesitate to contact Minna Elias in my district office at (212) 860-0606.

Sincerely,

CAROLYN B. MALONEY
Member of Congress

Re: Request for Meeting regarding the GIL-2001 Security Door System

Dear Mr. Tenet,

Our company is the premier manufacturer of a patented entrance security system. One of the most important and unique features of our system is that it is non-confrontational. We have been in business since 1982 providing secure access for government and commercial facilities not only in the United States, but also abroad.

Of potential interest to you is that we have a GSA number (#GS-07F-0433K) and a patent pending (#60/104, 874) with an international patent application (#US 99/03218) for our product. The door is the only security door approved by the FAA for egress and the U.S. State Department for domestic use. In order to certify the doors for international use by their agency the U.S. State Department has scheduled two additional tests for next month.

Attached for your convenience is a brief product statement. Presently we are under contract with the City of New York for 44 doors at various facilities. In addition we have installed doors at the main finance facility at Citibank, at O'Hare Airport, at Newark Airport and at Dallas-Fort Worth International Airport, just to name a few. Besides the United States we have also installed the Georal 2001 system at various locations in Europe and Australia.

We would like the opportunity to present the GIL-2001 system to the person in charge of this area. Georal currently has a system installed in Virginia for the data center of a large communications company. Arrangements can be made for a site visit to this facility at your convenience.

Thank you in advance.

Best regards,

Im

[redacted] The summer has been great, but is going by too quickly. Hope yours has been good, too.

I have no record of receiving any info from [redacted] or speaking with him on the phone. We were moving into this location from [redacted] in February and perhaps the mail or call was not forwarded. Anyway, I guess we need to start from scratch on this one. Thank you.

Hello [redacted]....hope you are having a good summer.....

Do you recall receiving any information about a product called GIL-2001, which is a security door? OCA has received an inquiry from Rep. Maloney stating that her constituent, [redacted] contacted the Agency in February 2001 but has received no response from us to date. Depending on what you tell me, I can either give Ms. Maloney a current status, if we are considering this product, or start from scratch and have an information packet sent to [redacted] His company's name is Georal International, Ltd. Pls advise...thanks. [redacted]
