

9 July 1954

Mr. Chester C. Crawford
Chief,

THRU: Chief, Security Division

SUBJECT: Commendation - Case No. 7.

Dear Chet:

I desire to take this opportunity to forward my personal commendation to you for your major part in the conduct of Case No. 7. The professional techniques of interrogation which were developed by you in this case are, I think, a variation which are particularly applicable in handling subjects of this type. They required professional competence not only in the polygraph, but in the whole gamut of interrogation methods and further required a thorough background knowledge of both security and counter-intelligence practices.

Again, the case required the closest coordination of the efforts of practically every component of the Security Office. This teamwork principle was admirably demonstrated in this instance and is a source of great satisfaction to the Director and myself.

I am requesting the Chief, Security Division to insert a copy of this letter in your Personnel File. My congratulations to you.

Sincerely,

Sheffield Edwards
Director of Security
