

MEMORANDUM

TO : ADSY

DATE: March 11, 1970

FROM : CEC

REF. No. PND-CEC-70/0618

SUBJECT : Missing Employee - E. DeBruin

Enclosures: (1) UPI Press Release
(2) CEC TPE 100230

The attached enclosure (1) has reference to our missing employee E. DeBruin. This item has not been seen in the paper, however, we would be interested in the source of the information and what it actually pertains to.

Per my conversation with PM VTE via SSB yesterday, I was informed that enclosure (1) was taken from a teleprinter. This teleprinter is located in Company spaces, although there is some doubt to the legality of the hook up. The Company neither has permission or pays for the service. Therefore when checking, the source of the information should not be included.

Per my discussion with you yesterday, the attached enclosures are forwarded herewith.
