Dear Pisicht,

Am writing in reference to my brother Eugene, a prisoner in Laos, that you escaped with in 1966. I do hope that you have recovered completely from your imprisonment. I only wish that Gene would reach safety also.

I've attempted to write you many times but have never received an answer from you. Did you ever receive my letters?

Am wondering if you could tell me about Eugene's health, escape, and any other information that you might have about Eugene.

Also, am wondering if you could obtain information for me or supply me with some possible contacts in Laos or Vietnam whom I may write to secure possible information.

Any information or advice will be appreciated. My family gives their best to you and hopes you are well. Hoping to hear from you soon.

Sincerely,
Jerome E. Robinson
