Dear Mr Cunningham:

I'm writing in reference to your letter of 8 April 1970 regarding an enquiry made by Herb Mc Farlin about my brother Eugene.

I thank you very much for your letter. It was much appreciated.

I am wondering about the results of the meeting between Mr Porfirio Rosales and representatives of the North Vietnamese Embassy. Was any information given to Mr. Rosales and his America by the North Vietnamese? Word has reached me that Gene could be held in Hanoi. Is there any substantial news about this possibility?

Any information and further advice would be much appreciated. Thank you for your continued interest.

Sincerely,

Jerome E. McBrien
