Dear Mr. Indradat,

I am writing in reference to my brother Eugene, a prisoner of the Pathet Lao since 1963. Eugene, an employee of Air America, was captured after a supply dropping plane was shot down. Word has reached me that you were in prison with Eugene. Could you supply me with any information concerning Eugene's condition, whereabouts, and attempts for his release?

It was also mentioned that the United States Embassy in Laos has given a list of 71 prisoners to Dr. Jurg Baer of the International Red Cross who met with the Pathet Lao representative, Mr. Sot Pathmasi. Could you confirm whether my brother's name was on the list? Could you also advise me on whether I should write and send packages to Eugene in hopes that he will receive them through Sot Pathmasi via your company?

Any information concerning Eugene will be appreciated. Thank you for your cooperation and assistance.
