Air America Inc.
Personnel Manager
Vientiane, Laos

Dear Sir:

I am writing in reference to my brother Eugene, an employee of Air America and prisoner of the Pathet Lao, in Laos since 1963.

Word has reached me that the United States Embassy in Laos has given a list of 71 prisoners held in Laos to Lt. Jurg Luer who was in contact with the Pathet Lao representative, Mr. Sgt Pethrasi. Am wondering whether you could confirm that my brother's name was on the list.

Also, it was mentioned that you were in contact with General Brothier, Chief of French Military Mission in Vientiane, on the possibility of receiving information concerning Eugene. Have you received any information from General Brothier? Could you advise me on whether I should write and send packages to Eugene in hopes that he will receive them through Sgt Pethrasi via your company.

Any information regarding Eugene will be appreciated. Thank you for your cooperation and assistance.
