Dear Mr. Bastian:

Reference is made to the cases of Eugene Henry DeBruin, Yik-Chiu Jo, Prasit Prumsuwan, Pisidhi Indradat and Prasadhi Thanee.

I have your recent cable on these cases and if the only problem you have is whether to request reimbursement of payments made, it is not understood why you have failed to file reports in these cases. The Bureau's Regulations require that reports be filed.

If there is some security problem or other similar matter which has influenced you in holding up the reporting of these cases, it is suggested you advise Mr. McLellan of the situation. Your failure to respond to the various communications from this office is very annoying.

Very truly yours,

C. F. Hanson  
Deputy Commissioner
