MEMORANDUM FOR: Mr. John F. Herlihy

SUBJECT : Service on Security Management  
Advisory Group

1. The sense of responsibility and dedication with which you and other members of the initial Security Management Advisory Group have worked to get this new program started has been most reassuring. Please accept my appreciation and thanks for the many hours you have contributed to the solving of some major concerns of the Security Career Service.

2. The professional approach, depth of analysis, and substantive contributions of your group should serve as a challenge to future Security MAG members.
