Dear Allan:

As was discussed with Dave Wilson and James Cunningham yesterday, and with Tom Fina last Friday, I would appreciate your preparing a study, or perhaps a series of studies, similar to the 6995 series on French political parties that OIR completed in the summer and fall of 1955. The specific points that we should like to have covered for each party were outlined in the paper submitted to Tom Fina. I understand from Dave that DRA is willing to undertake this study in June.

We have assigned the case number K 4923 to this project, and if any of your people have any questions, they can be directed to Bill Hopkins on CIA [redacted]
