To Whom This May Concern,

I understand there is a group of men in Arizona, possibly in Phoenix, and possibly in a few other western states known as (THE MINUTE MEN) who are supposed demolition experts, and are able to destroy the dams in Arizona among others.

I don't know much about them except they are able to do this work, and are known by this name.

Yours truly,

[redacted]

Son of deceased C.I.A. agent [redacted]

I hope I can join the C.I.A. (true me)
