MEMORANDUM FOR: DR. PHILIP C. JESSUP
Department of State

SUBJECT:

1. Apropos of one aspect of our recent conversations about , I am sending to you herewith as of possible interest two reports which I consider to be good examples of the kind of information which is available to the Government concerning the character and extent of . While these reports are not based upon the latest developments, they certainly show what the pattern is and they give positions and name names.

2. One of the points which I made in talking to you was that the world in general is so accustomed to these activities of as to accord little notice and no excitement to the news of current repetitions of the familiar pattern. This, of course, does not deter the from accusing us of doing the very things that they do--and irrespective of whether or not in any given situation they have any grounds whatever for such accusations.

3. If you are interested in and have the time to read further reports of this kind, I shall be glad to obtain and furnish copies to you.
