3. Germany	a) Berlin and Bonn are alive with rumors of impending Soviet action regardin50×1 Berlin. Soviet diplomats in Bonn are suggesting to newspapermen that should they take August vacations they would miss an "historical event," and they hint this might be a peace conference prior to the UN 50×1 General Assembly session.  b) In its weekly review of the situation, our Watch Committee noted several measures in East Germany consistent with preparations for more East German participation in Berlin access controls or for a period of increased tension. Although the committee could derive no clear sense of timing for the completion of such preparations  c) Although not necessarily related to the Berlin situation, Radio Sofia announced that the Bulgarian defense minister led a

	jitters Saigon suffered last night over the possibility of a coup.  a coup by some milita50X elements was scheduled, possibly even with Viet Cong connivance.  50X
	extra guards posted 50X and troops were confined to their barracks, but so far nothing untoward has been reported. We do not now know whether an attempt was actually planned and called off or whether poor information snowballed.

USIG WATCH COMMITTEE CONCLUSIONS-1 AUGUST 1962

No Sino-Soviet Bloc country intends to initiate direct military action in the immediate future.

There are indications that the Soviets and East Germans are preparing for increased tensions over Berlin, and renewed harassments of Western access may occur.
