MEMORANDUM FOR: FE-1, FE-2 and FE-3

SUBJECT : Query of Stations re DTPILLAR

1. [ ] has suggested that each Station be queried as to any ideas which they may have as to how PILLAR can best further individual country PW programs within the framework of PILLAR's charter. This would, of course, be an encouragement to the field to submit suggestions and project ideas not only now, but in the future.

2. It is recommended that the above suggestion be included in the next PW pouch to each Station unless in your opinion the subject has been adequately covered already. Many may have valuable ideas to submit especially following the current trip by the PILLAR representative [ ]. It is requested that any suggestions which are received from the field, or any which originate here with one of the desk officers, be routed through [ ], the FE contact for [ ].
