SUBJECT: Duck and Ducklings - Center Court

After consultation with the National Zoo and the National Wildlife Federation, it was determined that the capturing and relocation of the Mallard Duck and her three (3) remaining ducklings to a more suitable natural habitat would improve their chances of surviving.

The Wildlife Federation recommended that we contact Joan Parker, a Wildlife Rehabilitator for Birds, to livetrap the ducks. She was contacted and she arranged with Hendrick Smock, also a Wildlife Rehabilitator, to capture the ducks.

At 1930 hrs. on 23 May, the ducks were successfully captured and removed from the compound and housed overnight at the Old Dominion Animal Hospital. From there they will be taken to a bird sanctuary near Sterling, Va. and released.
