(b)(3)

Dear Moe,

I am furnishing three copies of the enclosed document (FD-71 dated 3/18/80) in accordance with our recent conversation. It would be greatly appreciated if you would have the following accomplished:

1. Mark one copy for classification purposes as if it were one of your own documents (classification copy).
2. Indicate your recommended excisions should we be compelled to produce the document for congressional scrutiny (excision copy).

I have learned that the document is not now considered a part of any pending FOI/PA request although it may become such. It would be greatly appreciated if you would have the copies with classification markings and recommended excisions returned to my attention.

Thank you very much for your assistance in this matter.

Sincerely,

Room 3841, TLB 233
