Dear Mr. Casey:

This is in response to your undated letter, received here on 22 January 1999, regarding your Freedom of Information Act (FOIA) request for records on the Jennifer Project (Glomar Explorer).

The Glomar Explorer document collection is not available in any electronic format, and we have no plans to digitize it in the near future. Only records with original release dates since October 1996 are consistently available in electronic formats.

You may purchase the collection for \$199.90 or you may review the documents in the reading room of our northern Virginia facility with two weeks' advance notification.

Sincerely,

Lee S. Strickland  
Information and Privacy Coordinator
