Dear Coordinator:

Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting information or records on Operation "Keyseat," a counter-intelligence effort headed by CIA employee Robert Hall during 1977 and early 1978 in the Washington D.C. area. In particular, I am asking to see a copy of a memo written by then President Jimmy Carter that apparently ended the Keyseat investigation prematurely, before sufficient evidence could be established against the prime suspect. I ask for any documentation identifying the key suspect. I understand this memo is in the Keyseat file.

I am also asking for any documents or memos that confirm that Operation Keyseat intercepted from David Truong via asset My Dung Krall the classified U.S. negotiation position for the talks with the Vietnamese in Paris. May 1977.

If there are any fees for searching for, reviewing, or copying the records, please let me know before you task my request

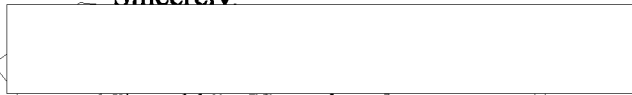

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

If you have any questions about handling this request, you may telephone at my office phone

Sincerely,
