Dear C.I.A.:

In the present day climate of war and terrorism, we are asked "how are we dealing with terrorism?" The newspapers have abundantly outlined Special Forces Operations.

My grandson is awed and fascinated by Special Forces and concomitant Intelligence Operations. For his high school term paper he choose the subject of Military Intelligence. He wants to begin his paper with the Viet Nam era of military intelligence.

I know that during Viet Nam MACV-SOG was a covert intelligence division hidden within the Special Forces (Green Berets), with a further breakdown into Delta Force and another called Omega Force.

QUESTION: What was the hierarchy (breakdown) of "OMEGA FORCE" within MACV-SOG (Green Berets)?

I am looking for a command structure something like:
801st Intelligence Division,
8th Regiment,
25th Battalion,
3rd Company,
1st Infantry,
Omega Force.

Please send reply to me at the address listed below in the signature block. I thank you in advance.

I send my gratitude to all military service personnel for their unwavering dedication to the prevention of terrorism.

Cordially
