This letter is to inform you that I believe that I have been placed under surveillance by unknown agencies and that an act of criminal intimidation toward me has occurred. I have previously made a Freedom-of-Information Act request of CIA for any information held about me – see reference F-2009-01031, dated 14 May, 2009.

The response at the time of my request was that any information held about me could neither be confirmed nor denied. While I appreciate the security concerns behind that exemption, I am currently in a position where I must validate my integrity and authenticity to the [redacted] Government and possibly other foreign security agencies.

(b)(6)

I would prefer to avoid the expense and annoyance of moving through the U.S. law courts in order to obtain information held about me by CIA, but I have been forced into a situation where I have no alternative.

I have reason to believe that I have also undergone a clandestine interview and surveillance by American security agencies. I would be pleased if CIA could provide me with any and all information held about me. Alternatively, a clear statement that no information is held about me by CIA would also be acceptable. Otherwise I will seek this information through the appropriate U.S. legal framework.

Please see the enclosed letters and 'chronology' for evidence of my recent correspondence to [redacted] agencies. I have also enclosed a copy of my current gas bill for proof of residency, as well as a copy of my birth certificate and current travel document. Please destroy the enclosed letters and documents or return them to me with your response.
