Submitted on: February 12, 2015 : 14:43 - America/New\_York

(b)(6)

Request:

In a CIA document held by the NARA, it discusses the "kidnapping" of the Lunik space craft while on tour in the US. It states that Lunik was secretly taken and examined by the CIA. I believe this took place in the 1950s or early 1960s.

I request records regarding this event.

Fee Waiver:

no fee waiver requested.
